
National Rail

All Stations Route Map

This map shows the entire National Rail network in Great Britain. It shows all lines, all stations and all Train Company routes that serve them.

This map is a guide to scheduled services provided by the train operators but does not guarantee direct trains between the stations shown. A few services do not operate and some stations are not served for the full duration of the day and not necessarily seven days a week. Services may be affected by temporary suspension or altered by planned engineering works.

For details of train times and fares, go to nationalrail.co.uk, use the National Rail app or call National Rail Enquiries on 03457 48 49 50.
